  Give registration form to Tony or Karrie Ingram

Anthony was diagnosed with Leber's Congenital Amaurosis (LCA) at 3 ½ months of age, which left him blind. From the very beginning, Anthony has been a very persistent boy. From a young age he didn't allow not being able to see to stand in his way. He was just as comfortable on the playground, in the swimming pool or climbing in the trees as any sighted child. Anthony reads Braille and is aided with a white cane for mobility in public places. Anthony is in 7th grade at Judkins Middle School. We are raising money to raise awareness and help with research in hopes that one-day they find a cure that will give our son Anthony and others with LCA, sight.
